Introduction

The Child and Adult Care Food Program plays a vital role in improving the quality of day care and making it more affordable for many low-income families. Each day, 2.6 million children receive nutritious meals and snacks through this federally funded program. This program also provides meals and snacks to 74,000 adults who receive care in nonresidential adult day care centers. The Child and Adult Care Food Program reaches out to provide meals to children residing in homeless shelters and to provide snacks and suppers to youths participating in eligible after school care programs. California's Child and Adult Care Food Program is administered by the California Department of Education.

Once approved to participate in the Child and Adult Care Food Program, a claim preparer for each sponsor must submit a monthly Claim for Reimbursement to receive payment for meals served. Instructions and sample worksheets are provided in this booklet to assist the claim preparer in completing the claim form. If the preparer has any questions related to completing a claim or receiving payments, he or she may contact the Child Nutrition Fiscal Services Unit at (916) 322-8312.

For specific details related to allowable operating and administrative costs, program income, and meals, the claim preparer can refer to administrative manuals for child care centers or day care home sponsors or contact his or her field consultant.

Terminology and Definitions

actual data. The reportable data for which the sponsor has supporting documentation at the time of claim submission. All data reported on the claim for reimbursement must be actual data.

adjusted claim. Any claim that the sponsor submits with any changes of data, subsequent to the sponsor's original claim. Claims submitted subsequent to the original claim that are required by the state as a result of an audit or administrative review are excluded from this category (see "audited claim").

Administrative Review for Child Care Centers. The administrative review assesses a Child Care Center's compliance with all governing federal and state regulations by observing program operations and examining program records.

Administrative Review for Day Care Homes. The administrative review assesses a Day Care Home's compliance with all governing federal and state regulations by observing program operations and examining program records.

Annual Participation Statement (APS). The annual renewal document sent to sponsors by Nutrition Services Division (NSD) requesting program participation information.

audited claim. Corrections or changes made to a previously submitted claim as required by the state as a result of the findings of an audit.

CAP (Corrective Action Plan). The form used to request a one-time only exception that must include a detailed explanation of the problem contributing to the lateness of a claim for reimbursement and the actions being taken to avoid future late claim submissions (see Appendix A-9).

cash advance. Payments made in advance of the claim reimbursements to improve cash flow.

Claim for Reimbursement. A child nutrition request for reimbursement submitted by a participating agency (sponsor) to the state for payment (see appendixes A-10 through A-13 for claim samples).

claim month. The month for which data reported on the claim were collected.

claim submission deadline. The final date that a claim may be accepted for consideration of payment; that is, the twentieth (20th) day of the second month after the claim month. The final date must be officially postmarked by the United States Post Office (see Appendix A-1, Claim Submission Deadlines).

CNFS (Child Nutrition Fiscal Services). The Child Nutrition Fiscal Services Unit in the California Department of Education (CDE) that is responsible for processing the child nutrition claims for reimbursement.

corrected claim. A claim resubmitted by the sponsor after it was returned by the state for corrections. A corrected claim can also be the claim produced by a sponsor when the state advises the sponsor by telephone that a claim must be corrected before it can be processed. All changes to claims must be made by the claim preparer and certified by an original signature by the authorized official for the sponsor. Corrected claims are annotated by the preparer as such on the top or center of the claim in bold print.

FASD (Fiscal and Administrative Services Division). A division in the California Department of Education that provides accounting, budgeting, contracting, fiscal, and support services to the Department staff.

NSD (Nutrition Services Division). The division in CDE that administers the USDA Food and Nutrition Services (FNS) Child Nutrition Programs and the Food Distribution Program in California.

original claim. The first claim submitted by a sponsor to the State for a particular month.

postmark. The postmark must be an official United States Post Office postmark. The postmark will determine if a claim has been submitted within the claim submission deadline.

Site Change Request. A request submitted to NSD to change program participation or to add or drop sites. A representative for a sponsor may contact NSD for a Site Change Request form.

sponsor. An agency or district that is approved for and participating in child nutrition programs.

state agency. The state educational agency designated by the Governor or other appropriate executive or legislative authority of the state and approved by the USDA to administer nutrition programs in the state. The CDE is the state agency that administers nutrition programs for California.

USDA (United States Department of Agriculture). A government agency that works with CD to increase food security and reduce hunger by providing children and low-income people access to food, a healthful diet, and nutrition.

zero claim. The claim submitted to CNFS for a month of non operation by a CACFP sponsor.

Claim Submission Deadline Policy

To be entitled to reimbursement, a claim preparer for each sponsor must submit a monthly claim for reimbursement and one photocopy, that includes data in sufficient detail to justify the reimbursement claimed. The data must include, at a minimum, the number of free meals, reduced-price meals, and paid meals served; and an authorized agent or district official of the sponsor must sign the claim. All claims submitted must include an agreement number *and* an original signature to be considered a valid claim. Faxed claims will not be accepted.

All claims (original and adjusted) must be postmarked by the twentieth (20th) day of the second month following the month claimed to be considered for payment (see Appendix A-1 for claim submission deadlines). For example, a July claim must be postmarked by September 20. If the twentieth day falls on a holiday or weekend, the deadline will be the next working day. Claims submitted after the deadline cannot be processed, except as described on page 7, "Late Claims". Mail claims to:

California Department of Education
Child Nutrition Fiscal Services
1430 N. Street, Suite 2213
Sacramento, CA 95814

Corrected claims must be returned to Child Nutrition Fiscal Services (CNFS) no later than the tenth (10th) day of the third month following the month claimed to be considered for payment. For example, a July claim correction must be received by October tenth. The submission deadline for audited claims is established by the state on a case-by-case basis.

NOTE: Sponsors should not use certified mail for the submission of claims to CNFS, because using certified mail could delay the processing of the sponsor's claim. To receive verification of the receipt of a claim, the claim preparer must enclose a self-addressed, stamped postcard noting the agency name, agreement number, claim month, and whether the claim is original or adjusted. If this postcard is enclosed with the sponsor's claim and submitted to CNFS by regular US mail, the postcard will be signed, dated and returned to the sponsor. If certified mail is used, it must be addressed to the street address below. ***The Department cannot be held responsible for certified mail that is misdirected by the United States Postal Service.***

Sponsor representatives are not encouraged to personally deliver claims. However, if claims are delivered personally, they must be delivered to:

California Department of Education
Child Nutrition Fiscal Services
1430 N Street, Room 2213
Sacramento, CA 95814

Personally delivered claims must be date stamped at the mail desk to be valid.

As a courtesy, approximately 50 days after the end of a claim month, CNFS sends a Notice of Delinquent Claim to each sponsor from which CNFS has not received a claim.

Late Claims

There are two types of adjusted claims that can be submitted after the claim submission deadline:

1. Changes to meal data that result in no increase in reimbursement.
2. Downward adjusted claims. An adjusted claim must be submitted to correct an error that resulted in the sponsor being overpaid.

Adjusted claims that are received after the claim submission deadline and result in an increase in reimbursement cannot be processed. Upward adjusted claims received after the deadline for submission will automatically be rejected for payment and will be returned to the sponsor unless the reasons for a late submission meet one or more of the criteria described below.

A late claim may be considered for payment in the following three instances:

1. **Administrative Review of Child Care Centers or Day Care Homes.** Adjusted claims submitted to correct errors discovered on an earlier claim by an independent audit or a review. The sponsor's authorized agent or representative must explain the circumstances surrounding the discovery of the errors and must transmit a copy of the audit or review report with the adjusted claim. **Note:** Unless the error is noted in an independent audit or review report, additional payment cannot be approved.
2. **One-time exception.** The state agency may grant a one-time exception when a sponsor has *not* been granted an exception during the previous 36 months. To receive a one-time exception, a sponsor must submit an acceptable Corrective Action Plan (CAP) to the state agency (see Appendix A-9 for the CAP outline). A CAP must include the following items:
 - A detailed explanation of the problems contributing to the lateness
 - Actions being taken to avoid future late claim submissions
 - A statement to the effect that the sponsor understands that if this exception request is granted, the one-time exception will be made by NSD based on the acceptability of the CAP
 - Signatures of the claim preparer and a sponsor's authorized district or agency official, who must be an employee of the district or agency.
3. **Late claims approvable only by USDA.** A late claim may be approved for payment by USDA if it meets one of the four exception criteria listed below:

Major breakdowns in mechanical processing accompanied by an inability to manually process the data; for example, a major data processing failure

Natural catastrophes coupled with the sponsor's inability to manually process the data; for example, floods or earthquakes that destroy records, equipment, or facilities

Unusual postal delays that are verified by a postal receipt or other specific verification from the postal service

Death or severe illness of key staff members in situations where *it is not possible* to assume the sponsor could have used backup staff members.

The request for a USDA exception must include the claim and a letter that demonstrates that the reason for missing the claim submission deadline was *clearly beyond the claim preparer's control*. The letter must explain in detail the extenuating circumstances that made it impossible to meet the deadline and that the deadline was not missed because of negligence, oversight, or workload backlog. Requests for a USDA exception must be submitted by CNFS. Requests deemed to meet USDA's criteria will be forwarded by CNFS for approval. Please submit requests to:

California Department of Education
Child Nutrition Fiscal Services

Sacramento, CA 95814

Address Changes and Labels

Each sponsor is provided with enough labels to submit claim for reimbursement forms for one year and a new supply is provided each year. The labels should be checked for accuracy when they are received. If corrections are needed, a sponsor representative must attach a label to district or agency letterhead, type or print the correct information, and submit the corrections to:

California Department of Education
Nutrition Services Division
Data and Technology Unit
1430 N Street, Suite 1500
Sacramento, CA 95814

If a sponsor's address changes, a sponsor representative must contact the IRS at (877) 829-5500, or by fax (513) 263-3756. The IRS will update the information by telephone and fax the sponsor a revised IRS Determination Letter the same day.

Sponsor representatives may contact the IRS by way of mail; the address is:

Internal Revenue Service
TEGE Division, Suite 400
P.O. Box 2508
Cincinnati, OH 45201

Once the sponsor has the IRS Determination Letter, a representative may fax it to the Data and Technology Unit (DTU) of the Nutrition Services Division at (916) 445-4842, or mail it to the above California Department of Education address.

Reimbursement Instructions for Fixed Percentage Claiming Method

This section was prepared for and is directed to sponsors' claim preparers to help them complete claims for reimbursement using the Fixed Percentage Claiming Method.

Enter the program information for only one **claim month** in items 1 through 10. This information should cover only the program operations for that month unless it is the first or last month of program operations in any fiscal year and contains 10 or fewer operating days; such a month may be added to the Claim for Reimbursement for the appropriate adjacent month. However, claims for reimbursement may not combine operations occurring in two fiscal years.

All the data submitted on the Claim for Reimbursement must be actual data. The Department reserves the right to hold a claim for further investigation if its claiming patterns suggest that estimated data are being submitted.

An error or omission on any of the following items may cause a claim to be rejected, resulting in delays in processing the claim and the receipt of reimbursement. See Appendix A-10 for a sample of the Claim for Reimbursement: Child and Adult Care Food Program, Fixed Percentage Claiming Method (CACFP-F).

- Item 1. **Agreement Number, Name and Address:** Place a preprinted label in the space provided on the original claim form. The labels provided by CDE are for use on the claim for reimbursement only. If the sponsor runs out of labels, type or print the agreement number, name, and address in the space provided. Name or address changes must be approved by the NSD before use on the claim form.
- Item 2. **Month/Year:** Enter the two-digit month and four-digit year the claim covers, *not* the month the claim was prepared. The month and year must be reported numerically as shown in the following examples:

December 2007 = 1|2|2|0|0|7 January 2008 = 0|1|2|0|0|8

- Item 3. **Claim Type:** Mark the appropriate box. One box must be checked.
- A. **An original claim** is the first claim that is submitted to CNFS for a claim month. Actual data must be reported. No estimates or projections will be accepted. An original claim returned to a sponsor by CNFS for correction is still an original claim when resubmitted. Please indicate a resubmitted claim by writing the word "correction" on the top of the corrected claim form.
- B. **An adjusted claim** is any claim that is submitted subsequent to the original claim containing verified changes to previously reported data. The figures on an adjusted claim replace the originally reported figures. The claim preparer

must complete the *entire* claim to reflect both the data that have changed and the data that have remained as originally reported. If previously reported data need to be deleted, please indicate this by placing a zero in the appropriate space. In addition, complete items 1, 2, and 3B and complete the certification section.

Note: A sponsor may submit only two adjusted claims per claim month. Adjusted claims that reflect increases in meals served must be submitted by the claim submission deadline.

C. No reimbursement will be claimed this month (zero claim) refers to those months the program is inactive and no reimbursement is being claimed. Completion of items 1, 2, and 3C and the completion of the certification block are required. A zero claim must be completed and submitted for each inactive month. Sponsors temporarily closed for the summer or for several consecutive months may submit zero claims in advance.

Item 4. **Do not complete.** This item is for CDE use only.

Item 5. **Do not complete.** This item is for CDE use only.

Item 6. **Number of Approved Sites That Operated This Month:** Enter the number of approved active sites for the claim month. To be considered active, a site must serve at least one meal during the claim month. The number of sites claimed cannot exceed the number of sites approved by NSD. All site additions and deletions must be approved by submitting a Site Change Request Form before claiming reimbursement.

Item 7. **Program Enrollment.** Completed section must be completed on the October claim or on the claim for the first month of operation in the fiscal year (October through September) using the sponsor's participation eligibility roster for each center for that month. The Child Nutrition Fiscal Services Unit will calculate a percentage for each eligibility category on the basis of the enrollment eligibility data. The percentages established will become the fixed percentage for the fiscal year.

A sponsor must report new enrollment data during a fiscal year when (1) the sponsor adds an approved site; (2) the average daily participation exceeds previously reported enrollment; or (3) a reporting error has been identified.

When adding a new site during the fiscal year, a sponsor is required to combine the enrollment data from the new site with your previously reported enrollment figures.

The sponsor may report new enrollment data any time the new data are deemed by the sponsor's representative to be financially advantageous.

Number of participants eligible for free meals: Enter the number of participants who have current, approved eligibility applications on file for free meals.

Number of participants eligible for reduced-price meals: Enter the number of participants who have current, approved eligibility applications on file for reduced-price meals.

Number of participants eligible for base-rate meals: Enter the number of participants who are *not* approved for free or reduced price meals.

Total: Enter the total number of participants who are enrolled in the program during the claim month. Include all the participants with enrollment or eligibility forms on file during the month. The total enrollment must equal the sum of eligible free meals, reduced-price meals, and base-rate meals served to participants.

- Item 8. **Number of Days Program Meals Were Served This Month:** Enter the number of days that program meals were served during the claim month. If reporting as a sponsoring organization, enter the highest number of days of service by any one site.
- Item 9. **Average Daily Participation:** Use the daily meal count records for all the approved sites to add up the number of participants who consumed at least one meal or supplement in the claim month, and divide the total by the highest number of days that food was served.

Example: A total of 863 participants divided by 21 days equals 41.1. Round **up** to 42. For this example, the figure 42 would be entered in item 9.

Always round the average daily participation up to the nearest whole number.

- Item 10. **Meals Served:** Report the total number of documented meals served at each center during the calendar month according to meal type (breakfasts, lunches, suppers, and supplements). This reporting method requires a head count at each meal service.

Certification: Before a sponsor may submit its claim, this section must be completed. Enter the printed name and telephone number of the person preparing the claim and the preparation date. An original signature of an authorized official is required along with his or her name and title. The signature of the authorized representative must be in ink. Only original signatures will be accepted.

A claim will be returned for correction if it is not properly completed. Place an original signature on the claim before mailing it to avoid delays in receiving reimbursement. The official who is authorized by the agency to sign the claim is responsible for reviewing and analyzing meal counts *before submission* to ensure accuracy.

Special note: An adjusted claim for reimbursement completely voids all previously submitted data for the same claiming period. Therefore, when submitting an adjustment, a sponsor must report all data whether there has been a change or not.

If the sponsor's representative chooses to manually determine the federal and state reimbursement earned for the month, he or she can complete the Monthly Reimbursement Calculation Worksheet, Appendix A-5. The worksheet does not need to be submitted with the claim; it is for reference only.

Reimbursement Instructions for Actual Count Claiming Method

This section was prepared for and is directed to sponsors' claim preparers to help them complete claims for reimbursement using the Actual Count Claiming Method.

The claim preparer must enter the program information for only one *claim month* in items 1 through 10. This information should cover the program operations for that month only, unless it is the first or last month of program operations in any fiscal year and contains 10 or fewer operating days; such a month may be added to the Claim for Reimbursement for the appropriate adjacent month. Claims for Reimbursement, however, may not combine operations occurring in two fiscal years.

The figures on an adjusted claim replace the originally reported figures. The claim preparer must complete the *entire* claim to reflect both the data that have changed and the data that have remained as originally reported. If previously reported data need to be deleted, please indicate this by placing a zero in the appropriate space. In addition, complete items 1, 2, and 3B and complete the certification section.

least one meal during the month. The total enrollment must equal the sum of eligible free, reduced price and base rate participants.

- Item 8. **Number of Days Program Meals were Served this Month:** Enter the number of days that program meals were served during the claim month. If reporting as a sponsoring organization, enter the highest number of days of service by any one site.
- Item 9. **Average Daily Participation:** Use the daily meal count records for all the approved sites to add up the number of participants who consumed at least one meal or supplement in the claim month and divide the total by the highest number of days that food was served.

Example: 863 participants divided by 21 days equals 41.1. Round up to 42. For this example, the figure 42 would be entered in item 9.

- Item 10. **Meals Served:** Enter the number of documented meals served during the month by approved eligibility category and the meal type. The total number of meals for each meal type must equal the sum of the free meals, reduced-price meals, and base-rate meals served to participants. The meals claimed when using the Actual Count Claiming Method must be documented in daily meal count reports, which correctly identify each participant by name, eligibility category, and meal type received.

Certification: Before a sponsor may submit its claim, this section must be completed. Enter the printed name and telephone number of the person preparing the claim and the preparation date. An original signature of an authorized official is required along with his or her name and title. The signature of the authorized representative must be in ink. The official who is authorized by the agency to sign the claim is responsible for reviewing and analyzing meal counts *before submission* to ensure accuracy.

SPECIAL NOTE: An adjusted claim for reimbursement completely voids all previously submitted data for the same claiming period. Therefore, when submitting an adjustment, a sponsor must report all data whether there has been a change or not.

If the sponsor's representative chooses to manually determine the federal and state reimbursement earned for the month, he or she can complete the Monthly Reimbursement Calculation Worksheet in Appendix A-6. The worksheet does not need to be submitted with the claim; it is for reference only.

Reimbursement Instructions for Actual Count Claiming Method for Sponsors of Independent Centers

This section was prepared for and directed to the claim preparers of independent centers to help them complete claims for reimbursement using the actual count claiming method.

The claim preparer must enter the program information for only one *claim month* in items 1 through 10. This information should cover the program operations for that month only, unless it is the first or last month of program operations in any fiscal year and contains 10 or fewer operating days; such a month may be added to the Claim for Reimbursement for the appropriate adjacent month. Claims for Reimbursement, however, may not combine operations occurring in two fiscal years.

All the data submitted on the claim for reimbursement must be actual data. The Department reserves the right to hold a claim for further investigation if its claiming patterns suggest that estimated data are being submitted.

An error or omission on any of the following items may cause a claim to be rejected, resulting in delays in processing the claim and the receipt of reimbursement. See Appendix A-11 for a sample of the Claim for Reimbursement: Child and Adult Care Food Program, Actual Count Claiming Method for Sponsors of Independent Centers (CACFP-I).

- G. An adjusted claim** is any claim that is submitted subsequent to the original claim containing verified changes to previously reported data. The figures on an adjusted claim replace the originally reported figures. If previously reported data need to be deleted, please indicate this by placing a zero in the appropriate space. In addition, complete items 1, 2, and 3B and complete the certification section.

- Item 10. **Meals Served:** Enter the number of documented meals served during the month by approved eligibility category and the meal type. The total number of meals for each meal type must equal the sum of the free meals, reduced-price meals, and base-rate meals served to participants. The meals claimed when using the Actual Count Claiming Method must be documented in daily meal count reports, which correctly identify each participant by name, eligibility category, and meal type received.
- Item 11. **Child and Adult Care Food Program Administrative Expenses for this Month:** Report all the allowable costs identified in the agency's administrative budget as approved expenses. (See section 560 in the *Child Care Centers Administrative Manual*). Time-study reports for labor and proration formulas for other costs must be on file. The costs that are shared by CACFP and other funding sources must be prorated to determine the amount chargeable to CACFP. The amount reported must be based on the actual allowable expenses, not on the approved administrative budget allocation or the amount retained for administration. The reported amount may not be less than one dollar and must be rounded to the nearest whole dollar amount.
- Item 12. **Child and Adult Care Food Program Administrative Income for this Month:** Report the amount of government monies (i.e., federal, state, and local, excluding CACFP federal and state reimbursement) restricted to food program costs received for the month, any other funding, and any cash donations specified for CACFP. Include reimbursement for an organization-wide audit in the month in which it is received.

Certification: Before a sponsor may submit its claim, this section must be completed. Enter the printed name and telephone number of the person preparing the claim and the preparation date. An original signature of an authorized official is required along with his or her name and

title. The signature of the authorized representative must be in ink. Only original signatures will be accepted.

A claim will be returned for correction if it is not properly completed. Place an original signature on the claim before mailing it to avoid delays in receiving reimbursement.

The official who is authorized by the agency to sign the claim is responsible for reviewing and analyzing meal counts *before submission* to ensure accuracy.

SPECIAL NOTE: An adjusted claim for reimbursement completely voids all previously submitted data for the same claiming period. Therefore, when submitting an adjustment, a sponsor must report all data whether there has been a change or not.

If the sponsor's representative chooses to manually determine the federal and state reimbursement earned for the month, he or she can complete the Monthly Reimbursement Calculation Worksheet in Appendix A-7. The worksheet does not need to be submitted with the claim; it is for reference only.

Reimbursement Instructions for Day Care Homes

The claim preparer must enter the program information for only one *claim month* in items 1 through 10. This information should cover the program operations for that month only, unless it is the first or last month of program operations in any fiscal year and contains 10 or fewer operating days; such a month may be added to the Claim for Reimbursement for the appropriate adjacent month. Claims for Reimbursement, however, may not combine operations occurring in two fiscal years.

All the data submitted on the claim for reimbursement must be actual data. The Department reserves the right to hold a claim for further investigation if its claiming patterns suggest that estimated data are being submitted.

An error or omission on any of the following items may cause a claim to be rejected, resulting in delays in processing the claim and the receipt of reimbursement. See Appendix A-11 for a sample of the Claim for Reimbursement: Child and Adult Care Food Program, Actual Count Claiming Method for Sponsors of Independent Centers (CACFP-I).

The sponsor's claim preparer must follow these instructions for reporting meal data and submitting a claim for reimbursement to the CNFS office:

- Item 1. **Agreement Number, Name and Address:** Place a preprinted label in the space provided on the original claim form. The labels provided by CDE are for use on the claim for reimbursement only. If the sponsor runs out of labels, type or print the agreement number, name, and address in the space provided. Name or address changes must be approved by the NSD before use on the claim form.
- Item 2. **Month/Year:** Enter the two-digit month and four-digit year the claim covers, *not* the month the claim was prepared. The month and year must be reported numerically as shown in the following examples:

December 2007 = 1|2|2|0|0|7 January 2008 = 0|1|2|0|0|8

- Item 3. **Claim Type:** Mark the appropriate box. One box must be checked.
- I. **An original claim** is the first claim that is submitted to CNFS for a claim month. Actual data must be reported. No estimates or projections will be accepted. An original claim returned to a sponsor by CNFS for correction is still an original claim when resubmitted. Please indicate a resubmitted claim by writing the word "correction" on the top of the corrected claim form.
- J. **An adjusted claim** is any claim that is submitted subsequent to the original claim containing verified changes to previously reported data. The figures on an adjusted claim replace the originally reported figures. The claim preparer must complete the *entire* claim to reflect both the data that have changed and the data that have remained as originally reported. If previously reported data need to be

deleted, please indicate this by placing a zero in the appropriate space. In addition, complete items 1, 2, and 3B and complete the certification section.

Note: A sponsor may submit only two adjusted claims per claim month. Adjusted claims that reflect increases in meals served must be submitted by the claim submission deadline.

- K. **No reimbursement will be claimed this month (zero claim)** refers to those months the program is inactive and no reimbursement is being claimed. Completion of items 1, 2, and 3C and the completion of the certification block are required. A zero claim must be completed and submitted for each inactive month. Sponsors temporarily closed for the summer or for several consecutive months may submit zero claims in advance.

Item 4. **Do not complete.** This item is for CDE use only.

Item 5. **Do not complete.** This item is for CDE use only.

Item 6. **Number of Days Program Meals were Served this Month:** Enter the number of days that program meals were served during the claim month. If reporting as a sponsoring organization, enter the highest number of days of service by any one site.

Item 7. **Number of Approved Sites That Operated This Month:** Enter the number of approved active sites by tiering category for the claim month. To be active, a site must serve at least one meal during the claim month. The number of sites claimed cannot exceed the number of sites approved by NSD. All site additions/deletions must be approved by submitting a "Site Change Request Form" prior to claiming reimbursement.

Item 8. **Average Daily Participation:** Using daily meal count records for all approved sites, add up the number of participants who consumed at least one meal or supplement in the claim month, and divide by the highest number of days food was served.

Enter the average daily participation and separate by provider type (i.e., Tier I Homes, Tier II Homes, and Tier II Mixed Homes). Sum across to calculate total average daily participation (ADP).

Example: A total 863 Tier I children divided by 21 days equals 41.1. Round up to 42. For this example, the figure 42 should be entered in item 8 Tier I. Tier I, Tier II, and Tier II Mixed ADP's should be added to calculate the Total Average Daily Participation.

Always round the average daily participation up to the nearest whole number.

Item 9. **Program Enrollment:** Enter the total number of children by tiering category who consumed at least one meal during the claim month and who have an enrollment or eligibility form on file. Sum across to calculate total enrollment.

- Item 10. **Meals Served:** Enter the total number of documented meals served during the claim month by tiering category and meal type. Sum across by meal type to calculate total meals served.
- Item 11. **CCFP Administrative Expenses for this Month:** Report all the allowable costs identified in the agency's administrative budget as expenses (See section 562 in the *Day Care Homes Administrative Manual*). The costs that are shared by CACFP and other funding sources must be prorated to determine the amount chargeable to CACFP. Time-study reports for labor and proration formulas for other costs must be on file. The amount reported must be based on actual allowable expenses, not on the approved administrative budget or administrative reimbursement rates. The reported amount may not be less than one dollar and must be rounded to the nearest whole-dollar amount.
- Item 12. **Child and Adult Care Food Program Administrative Income for this Month:** Report the amount of State Meal reimbursement used for administrative expenses. (Refer to section 512 in the *Day Care Homes Administrative Manual*). Also, report the amount of government monies (i.e., federal, state, and local, excluding CACFP federal reimbursement) restricted to food program administrative costs, any other funding, and any cash donations specified for CACFP that were received for the claim month. Include reimbursement for an organization-wide audit in the month it is received. The funds borrowed from the sponsor's general fund to pay food service costs or expenses on a temporary basis must be documented and clearly identified as a loan to be repaid when the reimbursement is received. This type of transaction is not income. In addition, do not report state meal reimbursement issued to providers. Documentation of the use of state meal reimbursement must be retained for audit purposes.

Note: The Department determines the amount of administrative costs used in the computation of federal administrative reimbursement by deducting the income reported in item 12 from the expenses reported in item 11.

Certification: Before a sponsor may submit its claim, this section must be completed. Enter the printed name and telephone number of the person preparing the claim and the preparation date. An original signature of an authorized official is required along with his or her name and title. The signature of the authorized representative must be in ink. Only original signatures will be accepted.

A claim will be returned for correction if it is not properly completed. Place an original signature on the claim before mailing it to avoid delays in receiving reimbursement.

The official who is authorized by the agency to sign the claim is responsible for reviewing and analyzing meal counts *before submission* to ensure accuracy.

SPECIAL NOTE: An adjusted claim for reimbursement completely voids all previously submitted data for the same claiming period. Therefore, when submitting an adjustment, a sponsor must report all data whether there has been a change or not.

If the sponsor's representative chooses to manually determine the federal and state reimbursement earned for the month, he or she can complete the Monthly Reimbursement Calculation Worksheet in Appendix A-8. The worksheet does not need to be submitted with the claim; it is for reference only.

Claim Corrections

A claim that is resubmitted by a sponsor after CNFS returned it for corrections is a *corrected claim*. A corrected claim is also a claim produced when CNFS advises the sponsor's representative by telephone that a claim must be corrected before it can be processed.

Corrected claims should not be confused with adjusted claims.

A claim will be returned for a correction if it is not properly completed. The following errors are why a claim would be returned for a correction:

- Sites reported exceed approved sites.
- Data are missing.
- Average daily participation exceeds enrollment.
- Summations do not equal total.

A correction letter will be sent along with the returned claim outlining the errors and instructions for resubmitting the claim.

When correcting a claim to be resubmitted to CNFS, a sponsor's claim preparer should take the following steps.

1. Write "correction" on the top of the claim.
2. Include the batch number provided in the correction letter.
3. Mark box A in Item 3. A corrected claim is still an original claim.
4. Fill out the claim completely. No data may be missing.
5. Place zeros in spaces where data were previously reported and no change has occurred. (Day Care Homes claims must not have blank spaces; all spaces not reporting data should be filled in with zeros).
6. Provide an original signature and date on the claim.

Note: Corrections to a claim cannot be made by CNFS staff by way of a telephone conversation. All claim corrections must be made by submitting an original signed corrected claim.

If a correction to your claim is required, payment will be delayed by at least three weeks. If a valid correction is not received from the sponsor by the requested date, the claim will not be paid.

Cash Advance

Public Law 104-193 allows state agencies the option of offering advance payments to CACFP sponsors. A cash advance is a payment made to a sponsor before the reimbursement is received to improve cash flow. Advances are made on the basis of an estimated monthly reimbursement; and a sponsor may choose to receive a full advance, a partial advance, or no advance (Code of Federal Regulations, Section 226.6[b][10]).

Please note that advance funds are *not* start-up funds. A cash advance is financial assistance made available to a sponsor for program costs before the month in which such costs will be incurred. Advance funds must be identified within the agency's accounting system as advance funds and noted as "accounts payable". The advance must be paid back to CDE when an agency terminates the Agreement to Participate, chooses to discontinue the advance, or on demand by USDA or CDE.

The state of California currently offers cash advances calculated on estimated administrative reimbursement for family day care homes.

A sponsor may request a cash advance during the initial application to participate in the CACFP or during the renewal process.

When NSD approves the application or renewal, an initial cash advance will be calculated on the basis of the sponsor's budget and payment issued. Thereafter, the sponsor's cash advance will be adjusted on the basis of the sponsor's on actual reimbursement.

Administrative Advance (Family Day Care Home Sponsors)

An administrative cash advance is calculated on the basis of the estimated administrative reimbursement, "rates times homes." An administrative cash advance can only be used for CACFP administrative expenditures and may be deposited in an interest-bearing account. The interest earned on advance funds is income to the program and must be spent for allowable administrative costs. In addition, the earned interest must be clearly identified in the sponsor's accounting system.

How the Cash Advance System Works

The CACFP payment system adjusts cash advances on the basis of administrative reimbursement. The three-month period before the advance adjustment is used to determine the average reimbursement for the period. The average reimbursement is multiplied by two to calculate the advance amount. The calculated advance amount is compared to the previous advance to determine if the sponsor's cash advance will be adjusted downward or upward or remain the same. Overpayments (downward adjustments) are deducted from the next available claims for reimbursement. Overpayment adjustments may cause a payment reduction of 50 percent to 100 percent depending upon the amounts of the overpayment and reimbursement. If the sponsor terminates from the CACFP, the advance is offset from any outstanding claim reimbursements at 100 percent and any remaining balance is invoiced.

Zero Claim

To prevent miscalculation of cash advance, active sponsors that receive a cash advance must submit a zero claim for each month of non participation. A zero claim will allow the cash advance payment system to use a varied method of calculating any cash advance adjustment. If a sponsor does not submit a zero claim, its cash advance calculation will be severely affected.

Cash Advance Cancellation

A sponsor may request to cancel its cash advance at any time. This request must be in the form of a letter stating that the cash advance is no longer desired. This letter should be addressed to the Nutrition Services Division, DTU, and it should state whether the sponsor wishes to have the outstanding cash advance recovered incrementally or fully from future reimbursements.

If a sponsor is terminated or cancels participation in the CACFP, 100 percent of all reimbursements will be withheld to offset any outstanding cash advance. If a balance remains after all claims have cleared, an invoice will be generated for the outstanding amount.

Federal Administrative Reimbursement

Day Care Homes. Day care home sponsors receive administrative reimbursement using the lesser of the following four factors on a year to date basis:

1. The number of approved homes multiplied by the USDA-approved rates.
2. The actual costs of administering the program minus income.
3. The amount of administrative costs approved by CDE in the annual budget.
4. USDA calculation: Administrative costs may not exceed 30 percent annually of administrative and meal reimbursement payments.

Child and Adult Care Centers. Federal reimbursements for administrative costs are not paid to sponsors of child or adult care centers; it is paid only to Day Care Homes.

State Administrative Reimbursement

Day Care Homes. State meal reimbursement is calculated using the current state rate multiplied by 75 percent of the total reimbursable breakfasts and lunches claimed. A sponsor may retain no more than 30 percent of the state meal reimbursement for administrative purposes.

Example: 1,200 (breakfasts) + 1,350 (lunches) = 2,550 x .75 x .1324 = \$253.22
 \$253.22 X .30 = \$75.97 = the maximum amount of state meal reimbursement that the sponsor may retain.

The balance is distributed to providers based on number of meals served.

Child Care Centers. The state meal reimbursement is calculated using the current state rate multiplied by the total number of free and reduced-price breakfasts and lunches served.

Adult Day Care Centers. Adult Day Care Centers are not eligible for state meal reimbursement.

Reimbursement rates change annually. Please consult the USDA Website: www.fns.usda.gov/cnd for current reimbursement rates.

To compute the fixed percentages, enter the number of participants reported in each eligibility category in item 7 of the claim form on the lines below:

Free	Reduced-Price	Base-Rate	Total Enrollment
------	---------------	-----------	------------------

Next, convert these numbers in each eligibility category to percentages by individually dividing the number of free, reduced-price, and base-rate participants by the total enrollment. Carry the percentages to **4 decimal places**.

(A) _____ % Free (B) _____ % Reduced-Price (C) _____ % Base-Rate

To compute the **Federal Reimbursement** for meals served by meal type and eligibility category, multiply the percentages computed above for each eligibility category by the total meals served for each meal type, rounding the computed meals to the nearest whole number. Then multiply these computed meals by the federal reimbursement rate using the table below:
